RE: Petition of South Carolina Electric & Gas Company for Updates and
Revisions to Schedules Related to the Construction of a Nuclear Base
Load Generation Facility at Jenkinsville, South Carolina
Docket No. 2012-203-E

Dear Ms. Boyd:

By letter dated August 31, 2012, the Clerk's Office of the Public Service Commission of South Carolina ("Commission") instructed South Carolina Electric & Gas Company ("SCE&G") to furnish the Notice of Public Night Hearing ("Notice") issued in the above-referenced docket to each affected customer by U.S. Mail. The Clerk's Office instructed SCE&G to furnish the Notice to its customers on or before September 10, 2012, and provide certification to the Commission on or before September 24, 2012.

SCE&G typically includes notices as an insert in customers' monthly bill statements. However, because SCE&G issues its bills to customers in cycles, it can take more than thirty (30) days to complete a mailing to all electric customers in all the billing cycles. In this instance, SCE&G cannot provide the requested Notice through bill inserts because many customers would not receive the Notice until mid-October and SCE&G would not meet the September 10, 2012 deadline established by the Clerk's Office.

SCE&G also cannot meet the September 10, 2012 deadline by providing the Notice to its customers by means of a special mailing. Moreover, special mailings involve additional production, handling and postage costs; and in an effort to reduce

customer operations expenses, SCE&G seeks whenever possible to avoid special mailings to its approximately 660,000 electric customers.

To ensure that its customers are timely notified of the public night hearing, SCE&G respectfully requests that the deadline for providing the Notices to each affected customer be extended until September 17, 2012, and that the deadline providing for certification to the Commission be extended until September 28, 2012. And, in an effort to reduce the cost associated with providing the Notice through a special mailing, SCE&G respectfully requests that the Clerk's Office allow SCE&G to provide the Notice to each affected customer by publishing the Notice in newspapers of general circulation throughout SCE&G's electric service territory.

By copy of this letter, we are notifying all the parties of record of SCE&G's request.

If you have any questions, please advise.

Very truly yours,

Matthew W. Gissendanner

MWG/mcs
